

TECNO

RGB LED lighting in a soccer table that marks the way of the future.

TECNO FLAME uses SAM's exclusive LEADER PLAYER in aluminum.

The new TECNO FLAME model also incorporates LED lighting on the legs, projecting light on the floor, controlled, like the playground lighting, by a remote control.

TECNO FLAME can incorporate the 9 BALLS system, exclusive to SAM, for greater operator safety. SAM offers in most of its models the TELESCOPIC BARS safety system.

ALWAYS USE ORIGINAL SAM SPARE PARTS.

100% FABRICADO EN EUROPA  100% MANUFACTURED IN EUROPE

BILLARES SAM
